Midnight Call

Evangelist Rachel Thomas

When we hear of Global warming, fires, floods, earthquakes, airplane crashes, etc., we are shocked at the huge loss of so many lives.

Think of it as God's midnight call. No, He does not have to be the one that causes these catastrophes, however it can bring to mind that more could have been saved!

We read in the Bible, about the judgment of Sodom and Gomorrah, which was terrible. Suddenly all the people were destroyed by fire and brimstone falling from heaven.

The midnight call came before it happened, but they wouldn't listen and they could have been saved.

Lot warned his sons in

law in Genesis 19:14, but to no avail, and they all died.

It was horrific when the flood covered the whole earth in the days of Noah and it rained forty days and nights in Genesis 7:11-12.

We must see "the signs of Time" now because it is the Midnight Call.

It is your Time Now. Romans 3: 10 says, "There is none righteous, no not one."

But God in His great love with which He sent His Only Son Jesus to bring the salvation when He bled, and died on the Cross of Calvary for your sins, and mine, and not only die, but also He rose from the dead for our justification (Romans 4:25).

Now you can adhere to the Great Midnight call and avoid the worst tragedy ever.

For over 2000 years now, the Lord God has caused the Gospel of Jesus Christ to be preached throughout the world.

The warning is going out even to this day. I pray that you would open your hearts to Christ now; while He is waiting at the door of your heart. He can only come in to give you Life worth living as you open the door.
